

DIT2LBT APP update Bluetooth name and PIN

First, install the Bluetooth App on the phone.

After app installation make sure Bluetooth is enabled (no need to select the Bluetooth device to connect).

Then, follow these steps:

<p>1. Open the app as shown in the image below and click Start Scan:</p>	<p>2. Select our device DIT2LBT</p>	<p>3. Enter PIN code 0000</p>	<p>4. You will then enter the screen where you can change the name and PIN (this device will be recorded in the phone later), please restart the device after any modification.</p>
